Chicago Great Western Cuts the St. Paul-Kansas City Tariff.  
St. Paul, Aug. 28.—A rate war is in sight between the St. Paul-Kansas City lines. The Chicago Great Western took the initiative during the day when it was announced that the road would sell tickets to Kansas City for \$10.50. The regular fare between these points is \$12.50, thus a cut of \$2.00 is made.  
Chicago will also be affected by the new rate, as it will bring the price of tickets to that point down to the same basis \$10.50, instead of \$12.50, the present scheduled rate.  
Tickets under this plan will be sold by the Great Western from the Twin Cities to Oelwein for \$4.50. From that point to either Chicago or Kansas City a rate of \$6.50 has been made. This rate will be in effect Aug. 29 to Sept. 1, inclusive, and will be operative from both ends of the line.  
This cut will undoubtedly stir up some trouble between the competing lines to Kansas City, namely, the Burlington and the Northwestern.  
It is also a violation of the Chicago-Twin City agreement, but the difference is not enough to create any trouble on it in this connection. The Kansas City end of the matter is a more serious affair, however.  
The cut is a big one, 33 per cent, and it is not to be expected that the competing lines will also allow this to go on without retaliating in some manner. They will probably meet the rate made by the Great Western.

Situation Considered Very Serious at Lansford and Summit Hill and a Clash Between Miners and Military Is Feared—Hoisting of Coal at One of the Collieries Greatly Incensed the Foreign Element.  
Tamaqua, Pa., Aug. 28.—The situation in the Panther Creek valley is serious. At 8 o'clock the streets of Lansford and Summit Hill were thronged with strikers. Early in the evening two company of the Twelfth regiment were sent through the valley on a trolley car. All along the lines the soldiers were hooted and jeered and it was not deemed prudent to take them off the cars.  
While Mary Markley was carrying supper to her brother, who is employed at a colliery near Lansford, she was set upon and severely beaten by a crowd of women. Late at night the crowds on the streets have dwindled down considerably and order has been partially restored. The civil authorities express the belief that there will be no serious disturbance during the night. They are fearful, however, that a serious clash will occur between the troops and the strikers in the morning. The fact that the Lehigh Coal and Navigation company is hoisting coal at its No. 4 colliery has greatly incensed the mine workers, especially the foreigners, and they are determined not to allow nonunion men to go to work.  
At daybreak the Governor's troop and the First battalion of the Twelfth regiment will go to Lansford and Summit Hill.

**NONUNION MAN ASSAULTED.**  
Timely Arrival of Troops Averts a Serious Outbreak.  
Shenandoah, Pa., Aug. 28.—The Governor's troop under command of Captain Ott left here on a special train for the Panther Creek valley.  
The second city troop of Philadelphia, under Captain Schermerhorn, has been ordered by Governor Stone to report to Colonel Clement, who is in command here during the absence of General Gobin.  
Major Gearheart, who is in command of a battalion at Manila Park, reported to Colonel Clement that things have been in such a state of turmoil in the Panther Creek region during the last few days that he has been unable to cover the disturbed district with the force at his command and asked for assistance. The colonel at once got into communication with Governor Stone and it was decided to send the Governor's troop to Gearheart's assistance and to reinforce the command here with the Philadelphia troops.  
The timely arrival of a detachment of soldiers on the scene averted a serious outbreak. A nonunion workman named Quinn was attacked by a crowd of strikers near the Cambridge colliery at the lower end of this city, and was being roughly handled when two of his friends rushed to his assistance and kept the crowd back with drawn revolvers. In a few minutes all three were surrounded by a crowd of several hundred men and boys and only the timely arrival of Provost Marshal Farquhar with a detail of soldiers prevented serious trouble. The crowd fell back as the soldiers approached with fixed bayonets and the three men were hurried to a place of safety.

Young Minnesotan Shot by Highwaymen at Fargo, N. D.  
Fargo, N. D., Aug. 28.—Harold C. Sweet, the young man from White Earth, Minn., who was shot here Tuesday by a highwayman, is dead. John Rooney, the individual of the trip of robbers with whom Sweet fought, has been held under bonds on a highway robbery charge, and complaint charging murder will now be filed against him.  
Rooney is said to be from Chicago. There is some doubt whether the shot was fired by him or one of his pals who ran up behind Sweet, who was struggling with Rooney.

**TWENTY PERSONS KILLED.**  
Series of Earthquakes Occur on the Island of Mindanao.  
Washington, Aug. 28.—The war department has received a cablegram from General Chaffee at Manila reporting the occurrence of a series of earthquakes on the island of Mindanao. Twenty persons were killed by falling walls, the victims all being Moros. The Americans in the vicinity escaped and the dispatch says there were no reports that any of the soldiers occupying that portion of the island affected sustained any injuries. The upheaval occurred in the country adjacent to the Lake Lanao, in the Moro section of the island, near Camp Vickers, which is now the headquarters of the American forces stationed in Mindanao. General Chaffee's cablegram says the mountains and rivers and other streams were considerably disturbed and much damage was done. The extent of the damage, however, was not reported.  
This is the first serious earthquake reported from that country during American occupation of the Philippines. The most important previous seismic disturbance in Mindanao was the one that partly destroyed Palak, Kota-Batu, and the village on the banks of the River Mindanao in 1872. This phenomenon closely followed the eruption of the volcano of Makaturin. General Chaffee also cabled that the military situation in that section remains quiet and unchanged. No attacks have been made on the American forces at Camp Vickers since the last report which was cabled eight days ago.

**STEAMERS IN COLLISION.**  
British and Italian Vessels Come Together in New York Harbor.  
New York, Aug. 28.—In broad daylight, a collision occurred in New York harbor between an incoming passenger liner and an outbound freight steamer.  
The steamship Liguria of the Italian Royal Mail Steamship company, with over 1,100 passengers on board, was run down in the Narrows by the British steamer Peconic, of the Mediterranean and New York Steamship company, bound out for ports in the Mediterranean. A succession of whistle blasts was followed by a tremendous crash and the Peconic's bow smashed into the hull of the Liguria just forward of the foremast. The Italian's hull was cut to the water's edge and water poured into the aperture.  
The bow of the Peconic on the port side was stove in and the stem turned to starboard.  
On board the liner all was confusion for a few moments but Captain Montano restored order promptly and forced the steerage passengers over to the starboard side in order to bring the hole cut by the Peconic above the water. This effort was so successful that very little water entered the liner.  
The Peconic was so damaged that she returned for repairs. The Liguria, after the inspection of passengers at Quarantine, proceeded to her dock.  
There were no casualties on board the Liguria or on the Peconic.

**FIVE YOUNG PEOPLE DROWNED.**  
Rowboat Struck by a Steamer at Lake Cognac, Mich.  
Battle Creek, Mich., Aug. 28.—Five employees of the Battle Creek sanitarium, nurses, probationers and stenographers, were drowned at Lake Cognac as the result of a collision between the steamer Welcome and a rowboat containing a party of young people. Five girls had been out for a row about the lake with a young man and were returning to the sanitarium villa. The Welcome was starting out for her last trip. Bennett was at the oars and he became bewildered and the steamer struck the boat broadside on.  
Those drowned were: Mr. Bennett, Dallas, Tex.; Fannie Brady, Battle Creek, Mich.; Mabel Richard, Traverse City, Mich.; Ella Dorsey, Allegheny, Pa., and Fannie Willis, North Toronto, Ont.  
Carrie Eyoock of Johnstown, Pa., clung to the boat and was the only one saved. Miss Brady and Miss Richard were evidently struck by the steamer and killed, for they were found floating. The others are in twenty feet of water and their bodies are being dragged for.

**HAS THE CHILD ARRESTED**  
Baby Taken From the Care of the Associated Charities and Brought into Court on a Charge of Vagrancy.  
Mother Made a Special Constable to Keep the Little One Safely Until the Case Comes Up Again on Saturday.  
Keokuk, Ia., Aug. 28.—In a legal fight for the possession of her eleven-month-old baby, which is seriously ill, Mrs. Vina Kellar caused the arrest of the infant during the day on a charge of vagrancy, had herself appointed a special constable to take charge of the diminutive prisoner during a continuance of the case, and thus won a victory over Secretary Elmer Park of the Associated Charities, who was landed in jail for nearly an hour for contempt of court in his attempt to deprive the mother of her child. A construction of the new sociological statute passed by the last legislature has resulted. All day several courts were kept busy and Secretary Park spent forty-five minutes in jail, being finally released on a writ of habeas corpus. He is now in legal custody of the child and the mother has actual possession, having obtained the infant by extraordinary means and hidden it. The doctor says the baby probably will die. This added to the mother's desire to see the baby, as she hitherto had been denied all access to it. A new law was passed at the instance of the scientific sociologists last winter. It provides the procedure by which children may be taken from incompetent, dissolute or immoral parents and given to persons of charitable societies by courts or mayors of cities. Judge Hughes of the superior court construed the law to mean that, if the mother is found competent by a trial court and the

meanwhile the mother of the baby had a neighbor file an information in a justice of the peace's court, charging the baby, eleven months old, with vagrancy. A  
Big Constable Arrested the Baby at the hospital where it was being treated and brought the infant's prisoner into court. The vagrancy case was continued to Saturday and the mother was made a special constable and ordered to keep the baby prisoner in safety until the case should be called again. The mother took the baby and hid it somewhere in the city. County Attorney Marshall said that the next move would be the prosecution of the justice and the mother's lawyers on a charge of conspiracy in the vagrancy case.  
Judge Hughes says it is true that the new law makes it possible for anybody to file an information against anybody's child, and, after acquittal, keep the child from the parents for a long time by a series of appeals to higher courts. If the law is held constitutional, he says, he can see no escape from such a possible outrage.  
The law is the result of a former law being found to be inoperative and incapable of enforcement in some cases here several years ago. Leading charitable institutions and sociologists then caused the drafting of the new act, which is the cause of the present excitement.  
**SHOCK RESTORES HIS REASON.**  
Peculiar Effect of a Bullet on a Wisconsin Madman.  
Marquette, Wis., Aug. 28.—The shock of a bullet restored a raving maniac to rationality during the day. Joseph Forvill, thirty years old, had held a posse of officers and citizens at bay all night. He had become suddenly insane, raved into his father's barn and defied the officers to take him. He was captured after firing the barn, but broke away and Officer Zimmerman shot him.  
The bullet did not strike a vital spot, but its effect was to banish every trace of insanity. Forvill is now perfectly rational, but remembers only vaguely what happened during his escapade.  
**Life Sentence for Wife Murder.**  
Shell Lake, Wis., Aug. 28.—George Wolfe, the Chippewa Falls wife murderer, was brought here from Chippewa Falls during the day, and upon a plea of guilty of murder in the first degree, was sentenced by Judge Vinje to imprisonment at Waupun for life.  
**SUSTAINS THE CHARGES.**  
Minnesota High Court of Foresters Ousts Its Supreme Counsellor.  
St. Paul, Aug. 28.—The high court of the United Order of Foresters of Minnesota, at its special session during the day at Central hall, for the purpose of investigating the charges made against S. C. Olmstead, of St. Paul, supreme counsellor of the order, sustained the charges by a vote of 33 to 3 and also voted to exclude Olmstead from the high court of this state.  
The action was taken late at night after a day spent in investigating the accusations made against Mr. Olmstead.  
Following is a part of the official statement given to the press at the adjournment of the meeting: "It has been charged that Mr. Olmstead negotiated loans upon certain real estate which could not under any circumstances be regarded just and safe. The result of the investigation sustains these charges by an almost unanimous vote of 33 to 3, and also vote to have him excluded from the high court for conduct unbecoming a Forester."  
High Ranger L. F. Cole of Minneapolis, presided, and Mr. Olmstead was present during the entire proceedings.

### RAILWAYS IN UNITED STATES.

Interstate Commerce Commission Issues Summary of Annual Report.

Washington, Aug. 28.—The Interstate commerce commission has issued a summary of the annual report on statistics of railways in the United States, covering the year ending June 30, 1901. The number of railways in the hands of receivers on that date was forty-five, a net decrease of seven as compared with the corresponding date of the year previous. The capital stock represented by the railways in the charge of receivers was \$19,478,257, funded debt \$54,748,662, and current liabilities \$14,183,239.

The total single track railway mileage in the United States June 30, 1901, was 197,237 miles, this mileage having increased during the year 2,892 miles. The operated single track mileage, in respect to which detailed returns were made, was 195,571. Including tracks of all kinds, the aggregate length of railway mileage was 200,366 miles, an increase of 6,582 miles.

KECKUK (IA.) WOMAN FIGHTING FOR POSSESSION OF HER SICK INFANT.

### HAS THE CHILD ARRESTED

Baby Taken From the Care of the Associated Charities and Brought Into Court on a Charge of Vagrancy.

Mother Made a Special Constable to Keep the Little One Safely Until the Case Comes Up Again on Saturday.

Keokuk, Ia., Aug. 28.—In a legal fight for the possession of her eleven-month-old baby, which is seriously ill, Mrs. Vina Keller caused the arrest of the infant during the day on a charge of vagrancy, had herself appointed a special constable to take charge of the diminutive prisoner during a continuance of the case, and thus won a victory over Secretary Elmer Park of the Associated Charities, who was landed in jail for nearly an hour for contempt of court in his attempt to deprive the mother of her child.

A construction of the new sociological statute passed by the last legislature has resulted. He is now in legal custody of the child and the mother has actual possession, having obtained the infant by extraordinary means and hidden it. The doctor says the baby probably will die. Judge Hughes of the superior court construed the law to mean that, if the mother is found competent by a trial court and the

Child Be Given Back, the filing of a notice of appeal by the Associated Charities stops the execution of the order to return the child to the mother. The effect is to keep the child away from the acquitted mother until a long series of appeals through all the courts to the supreme court are finally decided, taking generally two years. The attorney for Secretary Park said in open court that this was the intention of his client. Judge Hughes is a lawyer and jurist of the highest reputation in Iowa and Missouri, and his decision rendered in the habeas corpus proceedings has caused a wave of intense indignation over the new law.

The baby involved in this, the first case in Iowa under the new law, is acutely sick, and the neglect of the mother is charged under the new statute. On trial the mother was found not guilty of anything in violation of the new law, which also was declared unconstitutional. Secretary Park appealed and refused to obey the order of the court to return the baby to its mother. He was then arrested on a bench warrant for contempt of court and summarily sent to jail. His lawyer then routed Judge Hughes out of bed and filed a petition for a writ of habeas corpus which had a hearing during the day. In the

meanwhile the mother of the baby had a neighbor file an information in a justice of the peace's court, charging the baby, eleven months old, with vagrancy. A

### Big Constable Arrested the Baby

at the hospital where it was being treated and brought the infant's prisoner into court. The vagrancy case was continued to Saturday and the mother was made a special constable and ordered to keep the baby prisoner in safety until the case should be called again. The mother took the baby and hid it somewhere in the city. County Attorney Marshall said that the next move would be the prosecution of the justice and the mother's lawyers on a charge of conspiracy in the vagrancy case.

Judge Hughes says it is true that the new law makes it possible for anybody to file an information against anybody's child, and, after acquittal, keep the child from the parents for a long time by a series of appeals to higher courts. If the law is held constitutional, he says, he can see no escape from such a possible outrage.

The law is the result of a former law being found to be inoperative and incapable of enforcement. In some cases here several years ago. Leading charitable institutions and sociologists then caused the drafting of the new act, which is the cause of the present excitement.

### SHOCK RESTORES HIS REASON.

Peculiar Effect of a Bullet on a Wisconsin Madman.

Marinette, Wis., Aug. 28.—The shock of a bullet restored a raving maniac to rationality during the day.

Joseph Forvillin, thirty years old, had held a posse of officers and citizens at bay all night. He had become suddenly insane, raced into his father's barn and defied the officers to take him. He was captured after firing the barn, but broke away and Officer Zimmerman shot him.

The bullet did not strike a vital spot but its effect was to banish every trace of insanity. Forvillin is now perfectly rational, but remembers only vaguely what happened during his escapade.

### Life Sentence for Wife Murder.

Shell Lake, Wis., Aug. 28.—George Wolfe, the Chippewa Falls wife murderer, was brought here from Chippewa Falls during the day, and upon a plea of guilty of murder in the first degree, was sentenced by Judge Vinje to imprisonment at Waupun for life.

### SUSTAINS THE CHARGES.

Minnesota High Court of Foresters Ousts Its Supreme Counsellor.

St. Paul, Aug. 28.—The high court of the United Order of Foresters of Minnesota, at its special session during the day at Central hall, for the purpose of investigating the charges made against S. C. Olmstead, of St. Paul, supreme counsellor of the order, sustained the charges by a vote of 33 to 3 and also voted to exclude Olmstead from the high court of this state.

The action was taken late at night after a day spent in investigating the accusations made against Mr. Olmstead.

Following is a part of the official statement given to the press at the adjournment of the meeting: "It has been charged that Mr. Olmstead negotiated loans upon certain real estate which could not under any circumstances be regarded just and safe. The result of the investigation sustains these charges by an almost unanimous vote of 33 to 3, and also vote to have him excluded from the high court for conduct unbecoming a Forester."

High Ranger L. F. Cole of Minneapolis, president, and Mr. Olmstead was present during the entire proceedings.

Mr. Eastman is very well pleased with the investment he has made in Crow Wing county.

Gus Raymond, the general 6th street tontorial artist, in company with a Mr. McVey, of Philadelphia, a representative of the Baldwin Locomotive works of that city, went to Portage lake yesterday afternoon to try their hands at black bass fishing. They returned this morning with a string of fifty fine bass, and as a result, Mr. Raymond's many friends will enjoy a delicious meal.

For County Treasurer.

The time for filing certificates of nomination at the primaries closed yesterday. County Treasurer John T. Frater was the only republican who filed for the republican nomination for the position he occupies, consequently he will again be the republican candidate at the November election. No democrat or populist has filed for the nomination, and it is very improbable that he will have an independent opponent, for Mr. Frater has filled the office so efficiently, and is so courteous and obliging to all who have business relations with him as treasurer, that he is unquestionably the most popular treasurer the county has ever had, and no one cares to risk certain defeat by opposing him. That he will be re-elected and again serve the people faithfully and efficiently is a foregone conclusion.

The Legislative Candidates.

The candidates who have filed their certificates in the 48th senatorial district composed of Crow Wing and Morrison counties, are:

Senate—A. F. Ferris republican, C. D. Auyer democrat.

House—H. A. Rider and A. W. Bouck republicans, Werner Hemstead democrat.

The two republican house candidates are from Morrison county, Mr. Bouck living at Royalton and Mr. Rider at Little Falls. Mr. Auyer, the democratic candidate for the senate is editor of the Morrison County Democrat and has made his home at Little Falls for years. Mr. Ferris and Mr. Hemstead are residents of this city and were members of the last legislature.

MARKETING APPLES.

An Unusual Sight for a Northern Minnesota Town Seen this Morning when a Wagon Load was Hauled in.

To those who are skeptically inclined regarding the conditions of the soil in Crow Wing county for the raising of fruit, the sight of a wagonload of apples in the market this morning would have convinced them beyond a doubt, that after all, this would in a short time be one of the best fruit growing counties in the state.

Joseph Ruttger drove to Brainerd today from the Bay Lake country with a wagon load of apples raised on the Wasserzieher farm. The apples were of different varieties but it was a sight good for sore eyes. They are beauties. A bulk of these apples were bought by H. I. Cohen and they can be seen at his Front street store.

BIRTHDAY OF M. B. OF A.

They Will Attend Divine Services Next Sunday in a Body and Rev. S. W. Hoover will Deliver Address.

The Modern Brotherhood of America, an order organized in this city some four years ago, is a thriving institution in many respects although the members of the order have been unostentatious regarding their work and achievements. They have a membership of about ninety and are still adding to the list every day.

Next Sunday they will hold memorial services in commemoration of their fourth anniversary. The meeting will be at the First Baptist church and Rev. S. W. Hoover will give the address.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric oil relieves the pain instantly. Never safe without it.

Look Pleasant, Please.

Potographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by McFadden Drug Co. and H. P. Dunn & Co. Only 50 cents.

Demand For Labor Urgent.

The general demand for labor all over the northwest is quite urgent at the present time, and the able-bodied hobo who begs for a meal has no excuse. Employment agents claim the demand for men thus far this month has been even better than usual for August, and that the outlook for continued work right up to the freeze up was never better than this season says the Duluth Herald:

Today the harvest rates to the west go out of effect and any men that wish to get beyond Duluth hereafter will have to pay full fare. The rates really expired a week ago, but owing to the light passenger traffic on the low rate tickets, the time limit was extended until today. Even with the seven or eight days additional time limit there have been fewer men moving to the westward to work in the harvest fields than in former years.

BIRTHDAY OF M. B. OF A.

They Will Attend Divine Services Next Sunday in a Body and Rev. S. W. Hoover will Deliver Address.  
The Modern Brotherhood of America, an order organized in this city some four years ago, is a thriving institution in many respects although the members of the order have been unostentatious regarding their work and achievements. They have a membership of about ninety and are still adding to the list every day.  
Next Sunday they will hold memorial services in commemoration of their fourth anniversary. the meeting will be at the First Baptist church and Rev. S. W. Hoover will give the address.

Accidents come with distressing frequency on the farm. Cuts, bruises stings, sprains. Dr. Thomas' Electric oil relieves the pain instantly. Never safe without it.

Look Pleasant, Please.  
Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by McFadden Drug Co. and H. P. Dunn & Co. Only 50 cents.

Demand For Labor Urgent.

The general demand for labor all over the northwest is quite urgent at the present time, and the able bodied hobo who begs for a meal has no excuse. Employment agents claim the demand for men thus far this month has been even better than usual for August, and that the outlook for continued work right up to the freeze up was never better than this season says the Duluth Herald:  
Today the harvest rates to the west go out of effect and any men that wish to get beyond Duluth hereafter will have to pay full fare. The rates really expired a week ago, but owing to the light passenger traffic on the low rate tickets, the time limit was extended until today. Even with the seven or eight days additional time limit there have been fewer men moving to the westward to work in the harvest fields than in former years.

## WILL BE A GRAND CELEBRATION

Labor Day Committees are About Ready for the Big Event of Labor Day.

## BIG PARADE WILL BE A HUMMER

Program of Sports as Prepared will be One of the Most Complete in Years.

The committees in charge of the Labor Day celebration are working with a vim and are busying themselves these days arranging the finer details relative to the day's doings. It is expected that this celebration will be the grandest of the kind that has ever been given in Brainerd. The program of sports is replete with good things and will be an interesting feature of the day.

The big parade in the morning at 9:30 o'clock will be a hummer and it is expected that there will be a good representation of the business men in line. The speaking will take place in the N. P. Park. The ball game in the afternoon will be a feature. Another meeting of the committees will be held tonight and the program will be ready for publication tomorrow.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

### A BEAUTIFUL DISPLAY.

J. M. Elder Received a Present from an Alaska Friend of Twenty Genuine Seal Skins.

A collection of seal skins from Alaska has been attracting considerable attention of late at the office of J. M. Elder, the real estate man, and every one who has seen them think they are the greatest they ever saw. They were sent to Mr. Elder by O. C. Foster, who was a resident of this city at one time, but who went to Alaska where he made his fortune.

Mr. Elder will have the skins made up into a coat and it will make one of the prettiest garments imaginable, as all the skins are well matched and are of the same size.

### Estimates Eight Million.

Estimates of the lumber sales at the head of the lakes for the past week are 8,000,000 feet, mostly of low grade lumber. The largest sale was that of the Superior Timber company, a William Saunbury interest, which sold 3,500,000 feet, practically all the company's stock at the head of the lakes. During the past week or ten days the Lesure Lumber company has sold 2,000,000 feet of No. 4 and No. 5 boards.

In addition to the sale of its long run stock at Ashland, the John O'Brien Lumber company has sold its remaining lumber at the Peyton, Kimball & Barber dock in West Superior, amounting to about half a million feet. The Red Cliff Lumber company has made some good sized sales during the past month, including about 3,000,000 feet of No. 4 boards in this city, and 1,000,000 feet at Red Cliff, Wis. The company has now pretty well cleaned up its stocks of No. 5 and No. 3 boards.

Prices on No. 4 boards are said to have strengthened from \$10 and \$10.25 to \$10.50 and \$10.75, while the prices of No. 5 boards have advanced accordingly.

The future of some of the thirteen sawmills at the head of the lakes is a matter of some little speculation among the lumbermen. It is said that of the thirteen, about five are or soon will be, without standing pine from which to draw their supply. Some of these will probably be purchased by timber owners, while others will have to depend on contract cut. Mill men are now looking farther into the interior for their log supplies than in years past. Lumber shipments continue quite lively in anticipation of the \$3 lumber rate that will go into effect next Monday, to the lower lake ports from the head of the lakes.—Duluth Herald.

## MUSIC AND DRAMA.

### A BRILLIANT HARPIST.

The most brilliant harpist in this country is Signor Gianni Setaro, the matchless player who is coming here with Ellery's Royal Italian Band. Sign. Setaro's command of his instrument is positively phenomenal; difficulties have no existence for him. His playing has been a sensation everywhere the band has appeared since its departure from New York in April. The harp to be an acceptable solo instrument must be handled by a master. Like the little girl with the curl; it is very good or—horrid. Under the magic touch of Setaro the harp becomes very good, in fact superlatively excellent.

### BARBOUR STOCK CO.

The Barbour Stock Company numbering sixteen people and using special scenery will begin a week's engagement at the Brainerd Opera House, commencing Monday September 1st, presenting three plays new to local theatre goers, including "Soldier of the Empire", "Two Married Women" and "A Wife's Honor". This truly good stock company has played Duluth for the past six weeks to a good house nightly, and has received very flattering notices from the Duluth daily papers. A big feature in conjunction with the dramas presented, is the many high class specialties introduced by the famous Levey Sisters, the Godleys and the Little Girl with the big voice. The above are by far the strongest vaudeville acts ever seen with any stock company that has visited Brainerd.

WANTED—Two apprentice girls at Mrs. C. Grandelmyer's store for the millinery department. 7414

## ON THE DIAMOND.

The Gennymedes, of Minneapolis, will be here Saturday, Sunday and Monday for three games with the local team. The Minneapolis team is one of the strongest amateur teams in the northwest and the games will be very interesting. There is no doubt at all but that there will be large attendances at each game. The Saturday game will be called at about 5 o'clock and the Sunday and Monday games at 3:30 in the afternoon.

A dance will be given in Gardner hall Friday night for the benefit of the base ball team. There is a deficit and those interested are trying to raise this amount and take this means of doing so.

### BIG POTATO YIELD.

Northern Pacific Crop Report Predicts an Immense One—Averaging Nearly 300 Bushels per Acre.

The Northern Pacific's regular crop report for the week is especially sensational in its forecasts of the potato yield. If its statements are true the owner of a potato field will not be nearly so high and mighty this year as he was last. The report forecasts a tremendous crop of potatoes in northern Minnesota the coming fall, which will average 300 bushels to the acre in certain places. Owing to low prices not many shipments are being made as yet.

The average yield of wheat on the Minnesota division of the line will be from fifteen to twenty-five bushels per acre and about twenty bushels per acre for flax. Oats will run from forty to seventy-five bushels. Some flax has been cut. Harvesting is generally under full headway and some threshing has been done.

I am prepared to give violin lessons. Orders will be taken at Graham's Music store. H. A. LESSARD, 1st violinist Graham's Orchestra. 72-1w.

## "NORTH COAST LIMITED"

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.

This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

All Were Saved.

Just Look at Her.

"For years I suffered such untold misery from Bronchitis" Writes J. H. Johnson, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at McFadden's Drug Co., and H. P. Dunn & Co.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. GENERAL HOLIDAY DECLARED IN  
MAINE TOWNS VISITED BY  
THE PRESIDENT.

### ANOTHER INTERESTING DAY

Short Drive Taken About the City of

Augusta Early in the Morning and

Later the Chief Executive Delivered

His Principal Speech at Bangor in

the Presence of an Immense Throng

On His Way to Nashua, N. H.

Ellsworth, Me., Aug. 28.—The president's second day in the Pine Tree state was full of interest. Starting from the governor's residence at an early hour, he was taken for a short drive about the city of Augusta and at 9:30 left for Bangor, where the principal speech of the day was delivered at the fair grounds in the presence of an immense audience, which listened with marked attention to his address. The same close attention was given him at Waterville, where from far and near came hundreds to see and hear the first president who has visited Maine in many years. In anticipation of his coming a general holiday was declared and all business was suspended.

Just before leaving Augusta the president heard that his old guide, Bill Sewall of Island Falls, Me., who had accompanied him on many hunting expeditions and who had for a time been employed on his ranch in Dakota, was at Bangor. He immediately wired Congressman Powers at Bangor to "corral" him and hold on to him until he reached that city. That the congressman carried out these instructions was fully proved when he produced the tall, rawboned, red whiskered hunter, upon the president's arrival.

"I am glad to see you, Bill," said the president, whereupon Bill replied, "You ain't no gladder than I be."

Then it was that the president told of the story of friendship of many years with the old guide and hunter and how many years ago while on a hunting trip through Maine, owing to the shortage in the meat supply, they had eaten muskrat together, which the president said was the last meat he had eaten in Maine before this trip. The president seemed to delight in the Rural Simplicity of the Man

and insisted that he should sit down to dinner with him. Bill therefore had the distinction that comes to but few of dining with the chief executive of the nation and the governor of his state at the same time.

While at the fair grounds someone suggested to Sewall, who was seated on the platform with the president, that he should go to Washington and secure an appointment as postmaster, but Bill had already received this honor and said to his inquisitor: "I be postmaster a'ready."

On the drive through Bangor the president's carriage was stopped in front of the portico of the orphan's home, where the little ones were assembled and they greeted him in song.

Before beginning to speak at the fair grounds the president, noticing the jamming and pushing of the crowd in front of the grand stand, cautioned the people to be careful of the women and children and asked them to show their capacity to manage themselves, which immediately had the desired effect. The platform from which the president spoke was directly in front of the grand stand, which was packed with humanity. Behind him was another dense crowd. He humorously informed his audiences that he did not think he faced both ways, but that on that occasion he would have to. On leaving the platform he drove around the race track in response to cries from the audience that he do so.

At night the president dined here at the home of Senator Hale, who accompanied the party from Bangor. At the depot when the train pulled in the president was escorted to a platform near by and delivered a short address. He left at 10 o'clock for Nashua, N. H., and other points in that state, where he will speak.

### INCREASE IN WAGES GRANTED

Lake Carriers' Association Makes Con-  
cessions to Employees.

Cleveland, Aug. 28.—At a meeting of the executive committee of the Lake Carriers' association held here during the day the wages of wheelmen, firemen, oilers and watchmen were increased from \$45 per month to \$52.50 per month, thus eliminating all possible chance for a strike for the present, at least.

The firemen and oilers immediately announced their willingness to accept the increase until the end of the season. A committee was appointed to ascertain if the wheelmen and watchmen would accept the same terms, as their demands were for an increase until Nov. 1, when they expect to ask for another advance.

The new wage agreement is effective Sept. 1 and virtually means an advance in wages all along the line.

### ALLEGED TO BE A TRUST.

Kansas City Plumber Brings Suit  
Against the Association.

Kansas City, Aug. 28.—The Master Plumbers' association is alleged to be a trust operating in violation of the Missouri anti-trust law, in a petition filed here during the day in the circuit court by W. R. Young, a local plumber, who alleges that his business has been ruined by members of the combine who have refused to sell him supplies because he was not a member. Young asks \$30,000 damages. In addition to the suit a letter has been sent to the attorney general of the state urging that the state bring proceedings to prevent the association continuing in business in Kansas City.

### AFTER A BITTER FIGHT.

California Republicans Nominate Dr.  
Pardee of Oakland for Governor.

Sacramento, Cal., Aug. 28.—The most hotly contested factional fight in the history of the Republican party in California came to an end when the sixth ballot was taken in the state convention for the gubernatorial nomination.

When the convention assembled the forces of Governor Gage were still hopeful of making some combination whereby the deadlock could be broken. Governor Gage reached his highest vote on the fourth ballot when 339½ were credited to him, and on the next dropped to 335½. The end came amid the greatest confusion. When Santa Clara county was reached in the sixth roll call the Gage people began to cast their votes for Pardee and then the slide toward the Alameda county physician commenced amid an uproar that interfered with the taking of the ballot. Long before San Diego county was reached, Dr. Pardee's nomination was assured and then the Flint men gracefully struck their colors and paid Pardee the compliment of voting for him.

J. O. Hayes of San Jose, one of the unsuccessful candidates, moved to make the nomination unanimous. The motion was carried. Dr. Pardee was called to the platform and made a brief address, thanking the convention and predicting success.

Alden Anderson of Solano county was the only candidate for lieutenant governor and he was nominated by acclamation. The candidates for chief justice of the supreme court were Chief Justice W. H. Beatty and Charles H. Garoutte. Beatty was chosen by a vote of 439 to 409. For associate justices, Lucien Shaw of Los Angeles and F. M. Angelotti of Marin were nominated on the first ballot. For secretary of state, Charles F. Curry was renominated.

### PARTIES WILL FUSE.

Nevada Democratic and Silver Con-  
ventions Take Preliminary Steps.

Reno, Nev., Aug. 28.—The Democratic and Silver state conventions met during the day and appointed the usual conference committees for the purpose of fusion. Both conventions adopted platforms.

The Democratic platform endorses the Kansas City platform; denounces the Fowler currency bill; favors tariff reform; pronounces in favor of the Constitution following the flag; opposes the ship subsidy bill; favors the admission as states of the territories of Arizona, New Mexico and Oklahoma; felicitates the people of the region on the passage of the irrigation bill and compliments Congressman Newlands on "the able and effective part taken by him in securing its enactment."

Congressman Newlands is endorsed for United States senator. The Silver party platform does not differ materially from the Democratic, but declares more specifically for free coinage.

had eaten in Maine before this trip.  
The president seemed to delight in the

## Rural Simplicity of the Man

and insisted that he should sit down  
to dinner with him. Bill therefore  
had the distinction that comes to but  
few of dining with the chief executive  
of the nation and the governor of his  
state at the same time.

While at the fair grounds someone  
suggested to Sewall, who was seated  
on the platform with the president,  
that he should go to Washington and  
secure an appointment as postmaster,  
but Bill had already received this  
honor and said to his inquisitor: "I  
be postmaster a'ready."

On the drive through Bangor the  
president's carriage was stopped in  
front of the portico of the orphans  
home, where the little ones were as-  
sembled and they greeted him in song.  
Before beginning to speak at the  
fair grounds the president, noticing  
the jamming and pushing of the crowd  
in front of the grand stand, cautioned  
the people to be careful of the women  
and children and asked them to show  
their capacity to manage themselves,  
which immediately had the desired ef-  
fect. The platform from which the  
president spoke was directly in front  
of the grand stand, which was packed  
with humanity. Behind him was an-  
other dense crowd. He humorously  
informed his audience that he did not  
think he faced both ways, but that on  
that occasion he would have to. On  
leaving the platform he drove around  
the race track in response to cries  
from the audience that he do so.

At night the president dined here  
at the home of Senator Hale, who ac-  
companied the party from Bangor. At  
the depot when the train pulled in the  
president was escorted to a platform  
near by and delivered a short address.  
He left at 10 o'clock for Nashua, N. H.,  
and other points in that state, where  
he will speak.

## INCREASE IN WAGES GRANTED.

Lake Carriers' Association Makes Con-  
cessions to Employes.

Cleveland, Aug. 28.—At a meeting  
of the executive committee of the  
Lake Carriers' association held here  
during the day the wages of wheel-  
men, firemen, oilers and watchmen  
were increased from \$45 per month  
to \$52.50 per month, thus eliminating  
all possible chance for a strike for  
the present, at least.

The firemen and oilers immediately  
announced their willingness to accept  
the increase until the end of the sea-  
son. A committee was appointed to  
ascertain if the wheelmen and watch-  
men would accept the same terms, as  
their demands were for an increase  
until Nov. 1, when they expect to ask  
for another advance.

The new wage agreement is effective  
Sept. 1 and virtually means an  
advance in wages all along the line.

## ALLEGED TO BE A TRUST.

Kansas City Plumber Brings Suit  
Against the Association.

Kansas City, Aug. 28.—The Master  
Plumbers' association is alleged to be  
a trust operating in violation of the  
Missouri anti-trust law, in a petition  
filed here during the day in the circuit  
court by W. R. Young, a local plumber,  
who alleges that his business has  
been ruined by members of the com-  
bine who have refused to sell him sup-  
plies because \$30,000 damages. In ad-  
dition to the suit a letter has been sent  
to the attorney general of the state  
urging that the state bring proceed-  
ings to prevent the association con-  
tinuing in business in Kansas City.

## AFTER A BITTER FIGHT.

California Republicans Nominate Dr.  
Pardee of Oakland for Governor.

Sacramento, Cal., Aug. 28.—The  
most hotly contested factional fight in  
the history of the Republican party in  
California came to an end when the  
sixth ballot was taken in the state con-  
vention for the gubernatorial nomi-  
nation.

When the convention assembled the  
forces of Governor Gage were still  
hopeful of making some combination  
whereby the deadlock could be broken.  
Governor Gage reached his highest  
vote on the fourth ballot when 33 1/2  
were credited to him, and on the next  
dropped to 33 1/2. The end came amid  
the greatest confusion. When Santa  
Clara county was reached in the sixth roll  
call the Gage people began to cast  
their votes for Pardee and then the  
slide toward the Alameda county  
physician commenced amid an uproar  
that interfered with the taking of the  
ballot. Long before San Diego county  
was reached, Dr. Pardee's nomi-  
nation was assured and then the Flint  
men gracefully struck their colors and  
paid Pardee the compliment of voting  
for him.

J. O. Hayes of San Jose, one of the  
unsuccessful candidates, moved to  
make the nomination unanimous. The  
motion was carried. Dr. Pardee was  
called to the platform and made a  
brief address, thanking the conven-  
tion and predicting success.

Alden Anderson of Solano county  
was the only candidate for lieutenant  
governor and he was nominated by ac-  
clamation. The candidates for chief  
justice of the supreme court were  
Chief Justice W. H. Beatty and Charles  
H. Garoutte. Beatty was chosen by a  
vote of 439 to 409. For associate  
justices, Lucien Shaw of Los Angeles  
and F. M. Angelotti of Marin were  
nominated on the first ballot. For  
secretary of state, Charles F. Curry  
was renominated.

## PARTIES WILL FUSE.

Nevada Democratic and Silver Con-  
ventions Take Preliminary Steps.

Reno, Nev., Aug. 28.—The Demo-  
cratic and Silver state conventions  
met during the day and appointed the  
usual conference committees for the  
purpose of fusion. Both conventions  
adopted platforms.  
The Democratic platform endorses  
the Kansas City platform; denounces  
the Fowler currency bill; favors tariff  
reform; pronounces in favor of the  
Constitution following the flag; op-  
poses the ship subsidy bill; favors the  
admission as states of the territories  
of Arizona, New Mexico and Okla-  
homa; felicitates the people of the  
region on the passage of the irrigation  
bill and compliments Congressman  
Newlands on "the able and effective  
part taken by him in securing its en-  
actment."

Congressman Newlands is endorsed  
for United States senator. The Silver  
party platform does not differ materi-  
ally from the Democratic, but declares  
more specifically for free coinage.
